ORGANIZATION THE PARMERS ONLY Essential and extract plant for concert of out an organized plant for nothing in their efforts to protect themne the farmers can accomplish selves from the grinding oppressions of and Manufacturers' Journal is out. It rallway monopolies. We trust the is full of excellent and suggestive read. THE first number of the Senatobia farmers throughout the south will read ing for all our industrial classes. A Signet has reached us. It is neatly farmers throughout the south will read and profit by Mr. Donnelly's argument in favor of a thorough organization. By united action the farmers will be By united action the farmers will be set thought, and mount that cannot be told too tend to print a good paper; one that will ever they can. We should probably able to make known their views and some truth that cannot be told too tend to print a good paper; one that will ever they can. We should probably able to make known their views and

ciquession, and are organizing, and are long it will be known that they have a power in the land."

Jans, and who goes about complaining Review will contain a memoir of Genare a power in the land." We regret that we cannot publish the pression of Trinity church. For that other materials, collated by a writer alwhole of Mr. Donnelly's able address, as he discusses at length the various the troubles which involve the industhe troudes which involve the indus-a public injury to have the means of do-trial classes. Mr. Donnelly thinks that the proposition to build more railroads ing this great good taken away from it, twelfth of May, looking to direct comis an absurdity, because even with ad- to be given to a fortuitous group of p ting line of railroads between the thanking him for the flowers, but in the farmer cannot be controlled by laws beyond the letter of the law. regulating the rates of fare and freight, tures, and even the courts. By facts twenty-sixth, referring to the arrival of and figures Mr. Donnelly shows that and figures Mr. Donnelly shows that his purpose to make that city his future squarely on the track for the office of stage costume that evening to signif munication with the external world. Nature has made outlets for the western States squate in view, and adds: "We farmers. We have lakes in the north were inhopes that we were done with the and the Mississippi river running to the 'old man from the mountains' and about south. A few canals, such as have a dozen other old political backs. They added to the great prosperity of are eternally ready to thrust their

New York will afford the desired relief. But even should the farmers establish satisfactory rates of water transportation, the great difficulty will be in getting their produce to the water, as it is a rule with the railroad monopolies to discriminate and charge as much for a short as for a long distance. Mr. Donnelly concludes principles, which almost make a part his cloquent address in favor of appropriations for canals as follows: "Let it not be said the United States cannot afford to spend a few millions in the afford to spend a few millions in the constraints of their present political identity, and their present political identity, and which unfit them for the work of guiding and formulating the live issues of the present. We would none of the present. We would none of the present to their present political identity, and which unfit them for the work of guiding and formulating the live issues of the Paul, is copied from the strength of their present political identity, and which unfit them for the work of guiding and formulating the live issues of the Paul, is copied from the strength of their present political identity, and which unfit them for the work of guiding and formulating the live issues of the Paul, is copied from the strength of their present political identity, and which unfit them for the work of guiding and formulating the live issues of the Paul, is copied from the strength of their present political identity, and which unfit them for the work of guiding and formulating the live issues of the Paul, is copied from the strength of the present political identity, and which unfit them for the work of guiding and formulating the live issues of the Paul, is copied from the strength of the present political identity, and the present political identity and the present construction of such a system of canals. See the sums that are spent annually for river and harbor improvements, and fortifications. Three-fourths are for the benefit of the eastern States, and ninetenths could be dispensed with. Take

Erven and harbers \$5,276,700 ForfSecutions 1,965,000 \$7,261,700 built a canal from the St. Croix to the St. Louis river! The brass buffons and vient to truckling time-serving. We lie at the foundation of all the prosper-stir it no more, for it stinketh in the lity of the world. If God denied, for but straps and swallow-tailed coats will be rubbish in a year or two, while the ca-black, in the State."

Lostrils of every decent man, white and harvest to the earth, millions would persist; the cities would be depopulated; rubblish in a year or two, while the canal would have endured forever, and added millions to the wealth of the peo-
